

MicroGenDX is covered by national and regional insurance plans. Please see the list below for all the plans that MicroGenDX was contracted with as of 11/21/25. For the most up-to-date list of covered insurances please visit: www.microgenDX.com.

Patients can contact their insurance provider to see if our test will be covered with our billing code: 0112U

If in the event that a patient's insurance does not cover the cost of the qPCR+NGS test MicroGenDX will charge the patient \$249. This does not include add-on tests and non qPCR+NGS tests. If your patient utilizes a non-covered insurance plan, it is recommended that they select the option "Do not bill my insurance" on the requisition form (see example to the right).

INSURANCE INFORMATION

Select *Bill Insurance* or *Prepay* method:

- Bill my Insurance/Medicare. Must include copies of the front and back of insurance card and/or Patient Demo/Face Sheet.
- Do NOT bill my insurance. I agree to pay the patient pay price of \$249* using the payment information given below. **For most products*

Aetna, Humana, and Cigna (Commercial/Advantage) Plans will not cover our test.
